Newly submitted claims 14-20 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Claims 14-19 pertain to a separate and distinct specie from that of originally elected claim 1; claim 14 requires etching at least one via in the second dielectric layer and the via extending through the second dielectric layer;

Claim 20, pertains to a separate and distinct specie from that of originally elected claim 1, claim 20 requires etching a via into the first dielectric layer.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 14-20 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.
